Santo Stefano

## FEDERAL SAILING SCHOOL

The Federal Sailing School Yacht Club Santo Stefano, a subsidiary of the Italian Sailing Federation - FIV since 1961, is one of the most famous, big and appreciated sailing school in Italy and in the south coast of Tuscany into Maremma area. It is located on Provincial Road 161 n. 18 in Porto Santo Stefano (GR) in front of the wonderful and amazing bay of Pozzarello, 2 kms before the little town.

The School starts from the 10th of June until to the 13rd of September 2019 and it has special agreements with all the bathing establishments (lidos) in Giannella and with many international Clubs and Schools in Rome.

With its 515 students enrolled every summer from early June to late September (3rd sailing school in Italy), the School

organizes and offers amusing and safe sailing courses for beginners, experts and sailing training/coaching courses, followed by passionate and technical federal instructors, always led with special dinghies made in wood or resin, for adults, for kids (from 6 years of age) and for children.

Students will be registered by FIV and they will have educational written materials, T-shirts and special award certificates of participation with the technical level obtained during the sailing course.

Sailing courses are held in the morning (for beginners and younger children between the students) or in the afternoon (for the most experienced and the "older" among the students).

The total duration of the single course of lessons is normally 15 hours per week, Monday to Friday inclusive, three hours a day, with the possible organization of award ceremonies and final race (regatta) with delivery of medals and gadgets for all.

The Sailing School has also agreement with summer CAMPUS (accommodation and full board food formula) at Argentario in Orbetello Camping Village (Giannella Beach) with the Italian NGO Happy Family Yoga asd based in Rome, from the 30th of June until the 27th of July 2019, from Sunday to Saturday, 7 days, 6 nights, from 8 to 13 years old.

But you can also choose different formulas and more flexible working/sailing hours and days. The keel boats that will be used are: Laser 1 with standard, radial or 4.7 squared meters rigs, 420, Laser Bahia – collective boat, Optimist, Laser Vago XD, RS Quest.

To ensure safety at sea we always use five speed engine rafts for quick assistance. All the students and the sailing boats are obviously insured on the land and in the water.

We wait you for a special summer 2019 full of sports, sea, wind and fun.
